

YATES TACTICAL RESCUE HARNESS 310

Yates Tactical well suited rescue harness for military, special forces and tactical rappel applications where a metal attachment point is not necessary. The anatomical configuration of the harness has made it the choice for many tactical teams who need a non-restrictive harness system. The front attachment point is provided through slot webbing construction. Weight 539g (1 lb. 3 oz.).

- One size, fully adjustable
- Colour: Terra
- Quick leg adjustment with camlock buckles
- One gear loop
- Meets ASTM F1772 Seat Harness Standards

This device is not suitable for private use, and it is specifically designed for use by the armed forces or in the maintenance of law and order.
