

TEMPORARY LIFELINE

Temporary horizontal life line, easy to install, with 30 mm width high visibility webbing.

It can be used for two persons simultaneously. The tensor allows an easy installation by one only operator and guarantee an excellent grip without any damage to the webbing. The life line is stitched to the carriage bag.

Connectors not included, the use of models with a longitudinal load greater than 40 kN is prescribed (eg mod. OVALONE CARBON Autoblock or Twistlock).

Usage activities

SCAFFOLDING AND TRESTELS

ROOF AND INCLINED PLANES
